We encourage everyone to complete the surveys with comments to help keep the Post Office at Gann Valley. A "Village Post Office" can only sell a 44-cent Forever stamp and the flat rate boxes. All other services including mailing packages, weighing envelopes, and selling other stamps require a regular Post Office. A letter to your Congressmen will also help.

Fall harvesting is underway. Warm temperatures have aided the outside work. A couple of frosts have caused a few trees to change color.

*Have an awesome day and know that someone has thought about you today.*
